**ATR VERDICT:** The Last Samuri is the highest rated of these but this is likely to be a prep for another crack at the Grand National and the veteran could be vulnerable. THOMAS PATRICK has failed to fire in his last couple of starts but his seasonal return at Sandown is a good piece of form and most of his rivals also have questions to answer. Present Man has some good form to his name going right handed and he could give the selection the most to think about, ahead of Tea For Two.

**Top Tip:** THOMAS PATRICK (3)

**Watch out for:** PRESENT MAN (1)
